

FUNDING GUIDELINES

Who we are.

The Smurfit Westrock Foundation (formerly the Smurfit Kappa Foundation) or the 'Foundation' was formed in 2011 when the Board of Smurfit Westrock decided to donate funds to the Foundation each year.

Our vision for the Foundation is to positively impact the lives of people in need within the communities where Smurfit Westrock operates. We hope to achieve this vision by financially supporting sustainable projects in the areas of health and nutrition, education and basic care thus reducing inequalities.

Criteria for all projects.

- Must be a registered nonprofit organisation or charity. *
- Must be for the benefit of people in need.
- Must be in the areas of health and nutrition, education or basic care.
- Must be a sustainable project i.e. the project should have a clear plan for continued financial income generation, ensuring long-term viability, and creating lasting positive impact.
- Must be for a public benefit - the project must serve a public benefit rather than a private or commercial interest.
- Must be in a community where Smurfit Westrock operates.
- Must be supportive of a least one of the below United Nations' Sustainable Development Goals that we have set as a priority.

***Where a formal charity regulator exists in a country, we prioritise supporting organisations that are registered with the regulator, as this provides additional transparency, governance assurance, and protection for donor funds.**

Successful applications.

We will notify all successful applicants after the relevant Board meetings and arrange the signing of grant agreements electronically via DocuSign. Please note that no payment will be made if the grant agreement is not signed.

Charities that have been successful should note that this will be taken into consideration if they make further applications.

Unsuccessful applications.

Unfortunately, due to the number of applications we receive, not all applications can be approved for funding. These applicants will receive an email confirming they have not been successful. This can be received at different stages of the process.
